Dear Mike:

Enclosed you will find the following:

*Not furn*

- Your notes taken during your last visit to Headquarters; they have been classified Secret;
- The summary of information on the orchestration of pro-Shah demonstrations in the fall of 1977 which we promised in my letter of 22 November. Please note that this too is classified Secret.

I have received some new documents referred to us by the Department of State in accordance with the understanding on the Third Agency Rule; I will attempt to have these dealt with expeditiously.

You asked about a 1976 Agency dissemination to the FBI [redacted] we have been unable to identify the document to which you are referring. It might help if you could send over a copy of your notes on it or provide us with details as to substance.

You also asked about Agency action on two matters mentioned in the interview transcript held in the Senate Office of Classified National Security Information: I believe that the first Request/Response on Page 8 of my letter of 2 November 1978 is pertinent to one of these matters. I think that the enclosed summary will answer your question with regard to the other.

Best wishes for the new year.

Sincerely,

[redacted]

Assistant Legislative Counsel
